

**While we are re-opening,
we are still concerned for the safety of our members and our staff,
so there will be some restrictions in place as follows:**

- **No more than 3 people will be allowed in the branch at one time. Please respect Social/Physical distancing while in the branch.**
- **We would ask all people to sanitize their hands when entering**
- **If you are feeling ill, or currently or recently experiencing any symptoms of COVID-19 we respectfully ask that you do not enter the building**
- **We are restricting public access to the back office area to those who are doing business (no access to washroom).**
- **We encourage people to continue to use remote access whenever possible, website/mobile banking/remote deposit capture, telephone, etc. to limit in-branch traffic.**
- **To schedule an appointment for loans, safety deposit box entry, or account openings, please contact our office in advance of coming in.**
- **Our drop box will remain open during our business hours, for those who do not wish to enter.**

Thank you for your continued support, understanding and co-operation, as we work through these difficult times together.

Alan Kiefer, GM
